CADASTRAL SURVEYORS LICENSING BOARD OF NEW ZEALAND

Introduction

The past year has seen the Board's activity maintained at levels similar to recent years, although the number of licences issued is slightly less than in previous years. Continued demand for entry into the University of Otago School of Surveying, combined with the fact that almost all students choose the cadastral option as one of their disciplines, suggests that there will be sufficient new licences issued to meet demand in the medium term.

The Board received three complaints against cadastral surveyors who have allegedly failed to meet the required standards for cadastral survey.

The Board has continued to keep its costs to a minimum and has not increased the licensing fee for the 2013 year. It has achieved a financial result for the year that shows a small surplus.

Jurisdiction

The Cadastral Surveyors Licensing Board of New Zealand is constituted by section 10 of the Cadastral Survey Act 2002.

Functions

The functions and duties undertaken by the Board are set out in section 11 of the Cadastral Survey Act. (See Appendix A).

In summary, the primary function of the Board is the licensing of suitably qualified surveyors with current competence to conduct cadastral surveys and lodge them in the cadastral record. For this purpose the Board sets standards for the education and the practical experience required to obtain and retain a cadastral licence.

The Board exercises disciplinary powers in cases where a cadastral surveyor is charged with negligence, incompetence, falsification, or failure to observe the Rules for Cadastral Survey. The Board has the authority to suspend or cancel a licence, or place a surveyor under the supervision of another licensed cadastral surveyor, where professional misconduct is proven.

Licences are renewed annually.

In addition, the Board participates in reciprocity arrangements with the eight Australian State and Territory boards.

Membership

Under section 13 of the Act there are five board members appointed by the Minister of Land Information. .

The present Board members are:

- Messrs Brett Douglas Gawn and Marton David Sinclair, appointed as nominees of bodies representing licensed cadastral surveyors pursuant to section 13(2)(a);
- Ms Vicki Alma Nalder and Mr Anthony Paul Nikkel appointed pursuant to section 13(2)(b);
- Ms Katharine Margaret Felicity Price, being a person who is not and never has been a licensed cadastral surveyor and is not employed in the surveying profession is appointed pursuant to section 13(2)(c);
- Surveyor-General, Dr Donald Bruce Grant, as an *ex-officio* member of the Board pursuant to section 13(1)(b).

 Ms Merryn Kay Maguire and Ms Marion Grace Miller are substitute members of the Board.

Meetings

The Board met four times in the 2011/12 year, on;

5 August, 2011

1 December, 2011

22 February, 2012

12 June, 2012.

Licences

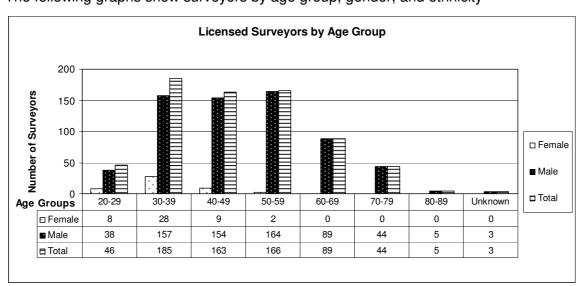

The table below shows the number of licences issued and non-renewals over the last three years. In the table;

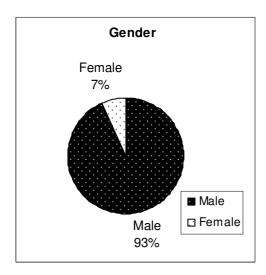

- Renewed means the number of licences renewed at 30 June.
- New means the number of initial licences issued during the year.
- Re-applied means the number of licences issued to surveyors who failed to renew by 30 of June or had let their licence lapse for some time.
- Non-renewals means surveyors who chose not to renew their licences and deceased surveyors.

	11/12	10/11	09/10
Renewed	681	691	690
New	15	24	24
Re-applied	5	6	13
Total	701	721	727
Non-renewals	37	32	13

The 701 licensed surveyors are made up of 47 females and 654 males. The continued slight reduction in the number of licences issued is not of concern to the Board, given the reduction in cadastral surveying activity caused by the lower level of land development in the economy.

The following graphs show surveyors by age group, gender, and ethnicity

The Board is heartened that the 30–39 age band is the largest group. As surveyors are generally in their mid twenties before they have completed their qualifications and experience requirements for licensing, it is not a concern that the number of licensed surveyors in their twenties is only 46. It is pleasing to see the steady improvement in the gender balance but the under-representation of Maori is of concern. The survey profession as a whole needs to and is addressing this issue. The Board issued Letters of Accreditation to 17 New Zealand surveyors seeking registration as a surveyor in an Australian State, compared to 18 in 2010/11, four in 2009/10, and seven in 2008/09. This reflects the demand for New Zealand surveyors in Australia and conversely the reduced demand in New Zealand.

The Board has received two enquiries from candidates with qualifications from outside New Zealand and Australia. The Bureau for Assessment of Overseas Qualifications assessed one qualification, from the Philippines, as meeting the Board's standards. The Board assessed the second, from California, as not meeting its standards.

Discipline

The Board received three complaints relating to the conduct of surveyors. All were from private individuals not associated with the surveying profession. After investigation, the Board did not accept any of these complaints. The Surveyor General advised the Board of one notice of a significant failure to comply with his standards in accordance with section 7(1)(d) of the Act during the year, compared to seven in 2010/11 and eight in 2009/10. The Board monitors the surveyors who have been notified to the Board under this section in the previous three years. As part of this monitoring, the Board takes a more in depth review of these surveyors on a case by case basis before deciding whether to renew their licences.

Licensing Standards

The Board has continued to recognise the Admissions Interviews conducted by the New Zealand Institute of Surveyors Incorporated as evidence that applicants for initial licences meet the standards of competencies adopted by the Board. The Board monitors the conduct of these examinations.

As part of its responsibilities to monitor academic qualifications and practical requirements for the licensing of surveyors, the Board maintains contact with the National School of Surveying at the University of Otago, the only university in New Zealand that offers degrees in surveying.

Reciprocity

Full reciprocity between the New Zealand surveyors' boards and the eight Australian State and Territory surveyors' boards has existed since 1901, although a reciprocity agreement with Australian boards had existed from 1892. The Board also collaborates with the Australian boards on the assessment of other overseas qualifications for equivalence to the New Zealand and Australian degrees and setting policies for the education, training and regulation of surveyors.

Contact with the Australian boards is maintained directly at board level through the Council of the Reciprocating Surveyors Boards of Australia and New Zealand, comprising the Chairs of each board. Meetings of the Council are generally held once per year. The Board hosted the last meeting in Wellington in October 2011.

Finance

The Board is funded entirely by licensing fees gathered annually from licensed cadastral surveyors. The level of those fees is set by the Board under section 11(1)(c) of the Act. The Board has achieved a small surplus this year due to reducing its operating costs by holding fewer meetings to reduce Board members fees and travel costs, and keeping secretarial fees and costs less than last year. There were also fewer disciplinary hearings than in past years, and a reduction in sundry expenses.

The Board has held the licence fee at \$184 for the 2012/13 year. The fee is still \$27.50 lower than it was when the Board was established in 2002.

Administration

The Board continues to contract the Institute of Professional Engineers New Zealand (IPENZ) to provide administrative services, office facilities and meeting rooms. IPENZ maintains full time office hours, dedicated telephone and facsimile point of contact, and hosts the Board's website. This is considered to be a very valuable and efficient arrangement for the Board.

Mr Rob Munro, solicitor, of Wellington, retired from his position as the Board's legal adviser in March 2012. The Board appointed Mr Robert Buchanan of Wellington as legal adviser in June 2012. Mr Jeremy Maseyk is contracted as the Board Secretary.

APPENDIX A: FUNCTIONS AND DUTIES

The functions and duties of the board, as set out in section 11 of the Cadastral Survey Act 2002 are:

- (a) To maintain a register of cadastral surveyors licensed under this Act.
- (b) To receive applications for licences under this Act as cadastral surveyors and to issue licences in proper cases.
- (c) To set fees for the issue and renewal of licences under this Act.
- (d) To issue and update standards that persons applying for licences, or the renewal of licences, under this Act must be met.
- (e) To investigate complaints about cadastral surveyors and take disciplinary action in appropriate cases under this Act.
- (f) To provide statistical information to the Minister about cadastral surveyors as requested by the Minister.
- (g) To perform such other functions or duties conferred on it by this Act or any other enactment.

APPENDIX B: AUDIT REPORT

To the Members of Cadastral Surveyors Licensing Board of New Zealand

Report on the Financial Statements

We have audited the financial statements of Cadastral Surveyors Licensing Board of New Zealand on pages 10 to 14, which comprise the Statement of Financial Position as at 30 June 2012, and the Statement of Financial Performance, Statement of Movements in Equity and Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Board Members' Responsibilities

The board members are responsible for the preparation of financial statements in accordance with generally accepted accounting practice in New Zealand and for such internal control as the board members determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing (New Zealand). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that present fairly the matters to which they relate in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates, as well as evaluating the presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other than in our capacity as auditor we have no relationship with, or interests in Cadastral Surveyors Licensing Board of New Zealand.

Opinion

In our opinion, the financial statements on pages 10 to 14 present fairly, in all material respects, the financial position of Cadastral Surveyors Licensing Board of New Zealand as at 30 June 2012, and its financial performance and cash flows, for the year then ended in accordance with generally accepted accounting practice in New Zealand.

CADASTRAL SURVEYORS LICENSING BOARD OF NEW ZEALAND NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2012

1. STATEMENT OF ACCOUNTING POLICIES

a. Reporting Entity

The financial statements presented here are for the reporting entity Cadastral Surveyors Licensing Board of New Zealand (CSLB) which commenced operations on 1 June 2002.

b. Reporting Basis

The CSLB is required to prepare financial statements pursuant to Section 19 Cadastral Survey Act 2002 and in accordance with generally accepted accounting practices.

c. Measurement Base

The measurement base adopted is historical cost.

d. Specific Accounting Policies

(i) Differential Reporting

The CSLB is a qualifying entity within the Institute of Chartered Accountants of New Zealand Differential Reporting Framework. The Board qualifies under the size criteria and because it is not publicly accountable. The Board has taken advantage of all differential reporting exemptions available to it except for Financial Reporting Standard 10 Statement of Cash Flows.

(ii) Goods and Service Tax

The Statement of Financial Position and Performance have been prepared on a GST exclusive basis except for accounts receivable and payable which are GST inclusive.

(iii) Taxation

The entity is exempt from income tax on the basis that it falls under Section CW38 of the Income Tax Act 2007.

(iv) Changes in Accounting Policies

There have been no changes in the accounting policies. All policies have been applied on basis consistent with those used in previous years.

2. NATURE AND ACTIVITIES OF THE BOARD

The Board was established by and operates under the Cadastral Survey Act 2002. This Act requires cadastral surveys to be carried out by, or under the direction of, a licensed cadastral surveyor, who must meet the standards for competence and licensing set by the board.

3. ANNUAL CADASTRAL SURVEYORS LICENSE FEES

Annual Cadastral Surveyors License Certificates expire on 30 June each year. Applications for renewal each year may be lodged at any time after 1 April for the following twelve month period commencing 1 July.

A number of applications for renewal are received and paid in advance during the period between 1 April and 30 June each year. These license fees received in advance are shown separately on the Statement of Financial Position and are taken up as income in the financial year to which they relate.

4. CONTINGENT LIABILITIES

The CSLB had no contingent liabilities as at balance date. (2011 Nil)

¹⁴ C. 17

5. COMMITMENTS

The CSLB had no commitments as at balance date. (2011 Nil)

6. RELATED PARTY TRANSACTIONS

During the year the CSLB has had no related party transactions. No related party debts have been written off or forgiven during the year.

7. BOARD MEMBERS FEES

During the course of business operations the Board Members received fees of \$23,065 (2011 \$26,188) for attending Board Meetings as follows:
